Direktur Utama Telkom, Ririek Adriansyah mengatakan capaian kinerja perusahaan semakin baik dan on the right track dengan apa yang pihaknya rencanakan. Menurutnya, pencapaian ini dipengaruhi oleh transformasi yang gencar dilakukan

TLKM, termasuk dengan strategi penguatan kapabilitas.

"Penguatan dilakukan melalui pembangunan sendiri, menjalin kemitraan strategis maupun strategi inorganik seperti akuisisi. Telkom akan terus mempercepat transformasi dan penataan portofolio demi value creation yang optimal bagi TelkomGroup, stakeholder serta bangsa dan negara," ujar Ririe dalam keterangan tertulis, Kamis (25/11/2021).

Data center dan cloud masih menjadi fokus bisnis Telkom yang terus berkembang secara signifikan seiring meningkatnya aktivitas para pemain bisnis digital.

Perusahaan mencatat pendapatan bisnis data center dan cloud hingga kuartal III-2021 sebesar Rp 1,1 triliun atau tumbuh 19,7% YoY. Telkom memiliki 26 data center yang terdiri dari 21 data center domestik dan 5 data center yang berada di luar negeri, termasuk data center tier 3 dan 4 di Jurong, Singapura.

Untuk meningkatkan bisnis digitalnya, anak usaha perusahaan yakni Telkomsel berinvestasi di Gojek pada November 2020 dan Mei 2021 telah memperkuat inisiatif strategis kedua perusahaan dalam memberikan manfaat baru bagi penggunanya. Hal ini juga mendukung percepatan digitalisasi di sektor UMKM. Sejauh ini, Telkomsel telah mencatatkan capital gain mencapai Rp 350 miliar.

Dari sisi pertumbuhan bisnis, investasi di Gojek juga memperlihatkan hasil yang positif jika dilihat dari pertumbuhan kuartal III-2021 dibandingkan

"Kinerja Telkom yang kian membaik ini juga tidak lepas dari penanganan pandemi di Indonesia yang menjadi momentum yang tepat untuk pemulihan ekonomi nasional. Kami berharap dan optimistis bahwa kinerja perseroan hingga akhir tahun 2021 juga akan tumbuh positif. Semoga hal ini juga berdampak ke kinerja saham yang akan terus menguat dan dapat menggaet semakin banyak investor lokal maupun asing untuk berinvestasi di Indonesia," pungkas Ririe.
